

Post-congress Satellite symposium

“Nutrient Management and Inflammatory Pathways in Obesity and Associated Complications”

PRELIMINARY PROGRAM

May 29-30, 2011

Chair of the Symposium: Gökhan S. Hotamisligil, MD, PhD., Harvard University

May 29: 6:30-9:30 PM

Welcome Reception and Dinner

May 30, 2011

Opening Session: Tumorigenesis and Obesity 9:00-10:00 AM

- Sex hormones, nutrients and cancer Fahri Saatcioglu, Un. Oslo, Norway

Coffee Break: 10:00-10:30 AM

Session I: Energy Management, Stress and Metabolic Homeostasis 10:30-12:30 PM

Heat shock proteins and metabolic control Mark Febbraio, Baker Heart Research Institute, Australia
Central nervous system inflammation and glucose homeostasis Jens Bruening, Un. Cologne, Germany
Oxidative stress pathways and liver metabolism Jose Carlos Fernandez-Checa, Un. Barcelona, Spain

Lunch: 12:30-2:00 PM

Session II: Inflammatory Signaling, Metabolism and Translational Possibilities 2:00-4:00 PM.

Inflammatory signaling pathways in obesity and diabetes Yehiel Zick, Weizmann Institute, Rehovot, Israel
Sirtuins, obesity and metabolic disease Johann Auwerx, EPFL, Switzerland
Anti-inflammatory strategies in metabolic disease Samuel Klein, Washington Un, St. Louis

Closing of the Symposium: 4:00 PM
